Adult Status at Ewing High School

Although the law recognizes 18 year olds as adults, the school will still work responsibly with parents or guardians unless the 18 year old student can show legal emancipation.

- They may sign their own absence notes. **Early dismissal requests must be signed by a parent or guardian. They may NOT sign out of school without a note from a parent or guardian.**
- They may sign their own permission slips to participate in athletic programs, field trips, and other school events.
- They may review their official school records.

Of course, as students 18 years of age or older, they must obey all school rules and regulations. Any rule or practice which is appropriate to the orderly and productive administration of a school community may be applied to all students within the community. Whether adult students are 18 or older, they may be accountable — in terms of grades, disciplinary sanctions, or otherwise — for their attendance and conduct in school. If living with parents/guardians, they too will be notified.

We still have 2 unused snow days! Unless we have any weather related school closings; School will be closed Friday, May 25 through Tuesday, May 29.

ATTENTION ALL STUDENTS!!! Anyone who is still interested in purchasing a **YEARBOOK** should see Ms. Conover (Main Office) or Ms. Ahearn (Room 218) as soon as possible. Payments of cash or money order are accepted. Yearbooks cost **\$100**.

SAT Answer of the Day Explanation

The correct answer is **E**

Explanation

When **3** is subtracted from **x**, the result is **x - 3**. The square root of this difference is $\sqrt{x-3}$. When **5** is added to $\sqrt{x-3}$, the final result is **9**. This can be written as $\sqrt{x-3} + 5 = 9$. Subtracting **5** from both sides gives the equation $\sqrt{x-3} = 4$. Squaring both sides of this equation gives **x - 3 = 16**, or **x = 19**.

Attendance rules for all Ewing home games include:

- * High School students must have a student ID – even if accompanied by parent.
- * Middle School students must be accompanied by an adult family member and have their student ID.
- * Elementary school aged students do not need ID but must be accompanied by their parent/guardian (An adult may not be “accompanied” by several students who are not their children)
- * Any person under 18 must have a student ID
- * Any student who exits may not come back into the gym/sports area
